## Edgewater Technology – Wakefield, MA *Custom Millwork*

Rich mahogany and inlaid cherry adorns the executive conference room to create an atmosphere reminiscent of a prohibition era “Speak Easy”.

Custom doors, wainscoting and coffered ceilings frame built in audio visual, and wet bar cabinets compliment at either side of the room.

Executive offices that flank this conference room were treated with a similar palette of materials, in addition to these spaces, other areas completed included a mail stop and storage units.
